

National Survey

Each year our camps take part in a nation wide survey that includes feedback from families that have already utilized our programs. Once again the Peterborough YMCA camps scored high in the national survey with a score of 80% in overall satisfaction. We have taken this feedback from parents that completed the survey to improve camps this year in 2009. We take pride in continuing to offer quality camp programs while always looking for ways to make our camps the best they can be. All parents will be asked to comment on this summers experience at YMCA Camps. The survey will be emailed to all parents, please be sure to complete.

Focus

We emphasize the importance of friendly, warm staff that communicate and provide feedback on your child's camp experience and skill development. Staff will be offering fun, action packed programs that encourage children to foster friendships and have a fun camp experience. We are also offering Special Events that provide the opportunity for family involvement. Welcome and we look forward to working with you to offer quality programs once again this summer!!!
